

MATHIAS CHIKAODILI EDE

Front-End Developer

PLP Academy Kenya • [xcoder2023@email.com](mailto:xcoder2023@email.com) • +2349014043981

## PROFESSIONAL EXPERIENCE

Hotel.Ng (HNG) Apprenticeship. Nigeria

Front-End Developer | Aug 2023 – Present

- Involved in the development and implementation of responsive, interactive web applications using React, JavaScript, Next.js, Remix, and TailwindCSS resulting in a 25% increase in user engagement.
- Collaborated with designers and back-end developers to build reusable components and front-end libraries for future use, improving page load speed by 30%.
- Optimized code performance through regular audits, reducing site errors by 20% and enhancing page responsiveness.
- Worked closely with the QA team to identify and resolve over 100 bugs, ensuring seamless user experiences across multiple browsers and devices.

## Project Experience

### [Language Learning AI Application](#)

- Developed a fully interactive language learning web app using React and Vite, integrating conversational AI to provide real-time feedback on pronunciation and grammar.
- Improved user engagement by 35% through the implementation of adaptive learning features that adjust lesson difficulty based on user performance.

### User Authentication System

- Implemented a user-friendly authentication system in React and TypeScript, using axios for API integration and error handling, improving security by 50%.
- Integrated third-party APIs to enhance functionality, allowing users to register, log in, and manage their profiles easily.

### GewinCodex Technology, Lagos

Junior Front-End Developer | August 2023 – Jan 2024

- Assisted in developing front-end solutions using HTML, CSS and JavaScript for web applications, enhancing website accessibility and user navigation.
- Worked on UI design and implementation for multiple client websites, resulting in a 10% improvement in user satisfaction.
- Collaborated with senior developers to write clean, maintainable code for both mobile and desktop platforms.
- Utilized Git for version control and collaborated on projects using Agile methodologies.

- Designed and implemented animations and transitions to create a more engaging user experience.
